

## RO/RO

**M**aryland's Port of Baltimore maintained its No. 1 position in the United States in Roll On/Roll Off (RO/RO) cargo. Previous track improvements by Norfolk Southern Corporation have enabled more oversized farm and construction machinery to be shipped through the Port for export and increasingly for import. Dedicated unit train service

has improved the efficiency of inland transportation from Midwest assembly plants to Baltimore's marine terminals.

A Quality Cargo Handling Action Team (QCHAT) is addressing the many facets connected to best practices for RO/RO.
